Please note that all sensor products are manufactured and calibrated specially to order and therefore cannot be cancelled and are non-returnable and non-refundable. Please allow a manufacturing lead time from receipt of order of approximately 2-5 weeks for sensors, 4-8 weeks for transmitters/measuring systems and 6-8 weeks for MODBUS cards. Volume orders may increase lead times.

Carriage: Extra. We will be pleased to quote carriage on provision of quantity requirements and address details. We are also pleased to use your Company's own carrier (DHL/FedEx/UPS/TNT) or freight forwarder on request. Please note, there is a nominal packaging / administration charge applicable where goods are collected ex works or despatched on a customer's carrier account. This charge covers the packaging and administration necessary for safe transit of each consignment.

Import restrictions: Please be advised that if the country of destination is subject to any special import terms, restrictions, export or import licences, Euro-Gas do not accept responsibility for such situations or documentation and it is the responsibility of the consignee to ensure that any products or services supplied by Euro-Gas are in accordance with such requirements as may be specified by their country or Governmental body. Should special import documentation be required, Euro-Gas must be advised prior to acceptance of Order and Euro-Gas will provide a quotation for the production of any such special documentation required to be either legalised or certified by the country of origin or destination. Customer is responsible for arranging any applicable customs clearance and is responsible for any local taxes, duties and insurance payable.

Validity: 30 days from quotation date. Euro-Gas reserves the right to amend prices as necessary at any time without prior notification.
